

Appendix – Description of the processing of personal data in the Services

This appendix is considered to be an integral part of the Data Processing Agreement.

1. Purpose of the processing

Personal data is processed for the following purposes:

- To provide the Services and support the Services, and
- To carry out any further documented instructions provided from time to time by the Customer or the Customer's subcontractors.

2. Locations at which personal data will be processed

The personal data is processed by The Supplier AB. For information on the sub-processors engaged by the Supplier and where they process the Customer's personal data, see the website indicated by the Supplier from time to time.

3. Retention of personal data

The Customer may decide the period for which personal data is stored in the Services. If the Agreement is terminated, the data is retained until the Supplier has returned or erased the Customer's personal data in accordance with the provisions in the Data Processing Agreement. See also Section 0 below for further information on the period for which personal data is retained within the framework of each sub-service.

4. A further description of the processing of personal data in the Services in relation to each sub-service

The processing of personal data that occurs in the Services in relation to each sub-service is described below.

A. INFOBRIC SITE

Sub-service/Purpose	Example of Personal data processing methods	Categories of data subjects	Categories of personal data	Retention of personal data
<p>Workplace The sub-service Workplace includes HR management, access control, registration of attendance and skills management.</p>	<ul style="list-style-type: none"> • Collection by registration when creating a user profile and using cards, for example card reading and checking in/out • Transfer of personal data from registration box, Controlbox, Machine Controller or other hardware and the App to the Application • Access for viewing and editing personal data via the Application • Access for the data subject to log data on the data subject in connection with their use of the Software • Disclosure of personal data to subcontractors, limited to personal data on the subcontractors' own employees, contracted staff, consultants or other staff that may be equated to employees 	<ul style="list-style-type: none"> • The Customer's employees and other staff contracted or otherwise engaged by the Customer • The Customer's subcontractors' employees and other staff contracted or otherwise engaged by the Customer's subcontractors • Any other person who visits a workplace in which the Software is used 	<ul style="list-style-type: none"> • Identity data (for example name, employment number, applicable ID number¹, photograph and fingerprints (if the Customer connects such equipment to the Software and activates the function)) • Contact details (for example address, phone numbers (work, home, mobile), fax number, email address (work/personal)) • Organisation data (for example title, employer, workplace (where the person was added to the database), company for which the person works (if other than employer), access authorisation group) • Card details (for example card number, PIN and card reads) • Skills and certificate data (for example training and certificates based on 	<p>Unless the Customer actively changes the instruction, the instruction to the Supplier is to retain data for three (3) years from registration.</p>

¹ For *Sweden*: personal identity number, coordination number or equivalent foreign number. For *Norway*: HSE card number. For *Finland*: tax number. And for the *United Kingdom*: CSCS/IPAF number.
